

## Instrumental Lessons

Learning to play a musical instrument is a lot of fun and requires dedication – remember that ***practice makes progress!***

Signing up for instrumental lessons means committing to do a number of things, as follows.

### **Pupil:**

- I will attend my lessons on time
- I will take care of my instrument and bring it to every lesson
- I will take care of my book and bring it to every lesson
- I will practice regularly – a minimum of 15 minutes every day or more as directed

Pupil Name / Signature \_\_\_\_\_

Parents, we would greatly appreciate your support in helping your children succeed to the fullest extent possible while learning their instrument. It would be very helpful if you could remind, encourage and support your child's efforts to bring their instrument and music book home, practice daily, and bring them both in to school on the day of their lesson.

We are sure your child would love to play for you the things they are working on in their lessons each week – happy listening!
